

SADDLES ROADS ON CITIES

A Resolution Proposes a 10 Million Dollar Bond Issue, to Be Paid by a 5 Per Cent. Levy on All Property

Jefferson City, Jan. 28.—Representative Johnson of Pulaski county has solved the road problem. He proposes to let the cities build them. In a joint and concurrent resolution he introduced today, he proposes a bond issue of 10 million dollars, which shall be paid out of a sinking fund of five cents on the \$100 valuation which is levied against all property in Missouri.

The resolution was drafted by Leigh B. Woodside of Saline, judge of the Ninth Judicial Circuit, who sent it to Johnson for presentation. Under its provisions the revenue derived from the sale of the 10 million dollar bond issue shall be distributed to the 114 counties of the state and the city of St. Louis in a proportion to surface area. This means that St. Louis and Kansas City, between them paying almost half of the state taxes, would receive each less than \$10,000 from the 10 million dollars.

Woodside said in a letter which accompanied the bill that only six counties in the state would receive less than they contributed in the taxes to the 10 million dollar fund. These counties are St. Louis city, Jackson, Buchanan, Jasper, Greene, St. Louis county and Pettis, which pay most of the taxes.

SURGERY CURES THE DEAF

Olathe, Kan., Jan. 28.—Removing a tumor from the eustachian tube of Esther Jackson of Jewell county, a deaf pupil in the state school for the deaf here, restored her hearing at once.

A similar operation on Kearney Brown, a 16-year-old, of Bronson, Kan., has given him almost his normal hearing.

For some time C. E. White, superintendent of the school, has known that several of the deaf pupils, both boys and girls, should have their enlarged tonsils and adenoids removed. Accordingly Dr. J. W. Perkins and Dr. H. P. Ball of Kansas City were summoned to assist the school physician, Dr. C. W. Jones.

Three surgical nurses were brought with them.

ROBBERS IN JAIL

Special to the Times.
Mt. Vernon, Mo., Jan. 29.—The two men who robbed the residence of Bunt Hood, west of Peirce City, last Sunday, are in jail here.

Officers from Oklahoma came up to get the suspects but they did not prove to be the men they wanted, but their custody is evidently much desired by officials somewhere. They refuse to give their names.

Circuit Court meets here February 21 in adjourned session and the prisoners will have a chance to plead guilty and thus avoid staying in jail until the regular term in May. It is understood there is a clear case against them as stolen plunder was found in their possession when arrested.

The school of Hope Dale, of which A. W. Terry was teacher, closed a successful term January 17. Prof. A. C. Meyers and his pupils from the German Lutheran school in the same district spent the day with them.

Mr. and Mrs. A. B. Gates and Wilson Gates returned Thursday morning from Saginaw, Mich., where they had gone with the body of W. T. Gates for interment. They desire to return sincere thanks to their neighbors and friends and to the B. of R. T. and Woodmen of the World for their kindly assistance in their bereavement.

Mrs. W. H. Such went to Springfield Thursday for a couple of days visit. Miss Margaret Spilker will return with her for a short visit.

MISSOURI GETS FIRST UNITED STATES ROAD

Fifty Miles in Two Counties to Benefit by Aid of Government.

Washington, D. C., Jan. 27.—Fifty miles of road in Saline and Lafayette counties, Missouri, along the line of the proposed cross-State highway, probably will be the first stretch in the United States to benefit from the new Government policy of co-operation in road building.

Subsequent to a conference between Postmaster General Hitchcock and former Gov. H. S. Hadley of Missouri yesterday afternoon, the latter announced that Mr. Hitchcock had promised to hasten payment of \$10,000 by the Government with which in addition to \$20,000 locally subscribed, the new road will be built.

MRS. W. F. BRITE DEAD.

Word was received here last night from Dr. Ellis Jones, of Keifer, Ok., that Mrs. W. F. Brite had died at 6:30 o'clock at San Antonio, Tex. Mr. Brite had been summoned from here a short time before but did not reach his wife's bedside before her death.

Mrs. Brite went to San Antonio in the fall on account of her health, but the disease was too far advanced for the change of climate to be of benefit. Her daughter, Mrs. Blanche Williams has been with her.

A BUNCH OF ROSES.

The burlesque musical entertainment given by the Presbyterian ladies on Tuesday evening was a pronounced success. The Elks auditorium was crowded to its capacity and some who arrived late were unable to secure seats.

Mrs. A. S. Hawkins took the part of Mrs. Rose, the mother of several charming daughters. She is especially gifted in comedy work and kept the audience in a roar of laughter. All the parts were well given. The little girls who represented the Rosebuds did their parts nicely.

Several excellent musical numbers were given as specialties. The audience was well pleased with the entertainment.

Ends Hunt For Rich Girl.

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach bloom complexion and ruby lips result from her pur blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50c at A. H. Cox & Co.

The Woman's Civic League, of Carthage, is determined that the flagrant violation of the ordinance against spitting on the sidewalk must cease. They expect to appeal to the city council. The Monett ordinance on the subject is also violated, and the pedestrians are daily nauseated by the disgusting expectoration of the heedless. We are informed that dead animals are being hauled to the ground around the septic tank and left to putrify. The south breeze carries enough germs from the discharge of the "septic" tank without adding anything else to endanger the health of our inhabitants. And while we are kicking we would like to enter a protest against the unloading of refuse from the town in the public highways. There is a great deal of expense put on the roads and we cannot afford to have the drainage stopped up with junk from town.

The iron railing for the south side of the new concrete bridge south of town has been put in place. In building the bridge the railing for that side was overlooked and left a dangerous place. When the electric lights are placed at the bridge there can be no more cause for complaint and those who travel that road will certainly appreciate the improvements.
